CORE COMPETENCIES

- Software Development Life Cycle
- Application Management
- Project Management
- Build & Release Management
- Incident Resolution
- Requirement Gathering & Analysis
- Application Support
- Solution Installation & Configuration
- Root Cause Analysis/ Troubleshooting
- Team Management & Leadership

TECHNICAL SKILLS

Languages	Java 17, Type Script, JavaScript
Backend Frameworks & Libraries	Spring Boot, Hibernate, Apache Kafka, Spring Security, JUnit, Mockito, J2EE, JPA,
Frontend Frameworks & Libraries	Angular, React, HTML, CSS
Tools & Libraries	Docker, Kubernetes, Terraform, AWS, Git, JIRA, SonarQube, Gradle, Maven

EDUCATION

Aug 2016	**Bachelor of Engineering (ECE)** from RGPV Bhopal

BAL VIKASH SHARMA

PROFILE SUMMARY

- Futuristic & forward-looking IT Professional with **8 years of experience** in **Software Development**, particularly in banking and modern enterprise solutions.

- **Proficient in performing multiple activities** starting from understanding customer requirements, deriving the right solution, feasibility study, solution planning, architectural design, evaluation & solution implementation, scalability, migration & transformation and supporting after go-live.

- **Excels in providing operational efficiency**, performing maintenance & enhancement operations, optimizing code to achieve zero defect delivery; achieved processing of **100,000 records in just 3 seconds**.

- Hands-on experience in working for **Java, Spring Boot, JPA, Angular, React, Application Security, Debugging, Designing Micro service Architecture, and Performance Optimization.**

- **Competent in confirming program objectives** & specifications by testing new programs, comparing them with established standards, and making modifications; successfully worked with projects of various lengths & complexity and attained proficiency in testing & debugging; consistently delivered high quality of work.

- **SDLC specialist** with excellence in gathering and understanding requirements of clients & other multiple stakeholders followed by translation into functional specifications as well as provisioning of suitable solutions.

- **Insightful knowledge of new technologies** and their applicability in the practical world to meet the needs of a growing industry.

WORK EXPERIENCE

Since Aug'19 with Wissen Technology, Bengaluru
Growth Path:

Software Engineer → Senior Software Engineer → Principal Engineer → Senior Principal Engineer

Key Result Areas:

- **Wealth Management:**
  o Spearheading design and implementation of bulk upload solutions for plan participants.
  o Administering APIs for the Financial Advisor dashboard, enhancing performance with pagination and bulk upload capabilities.
  o **Tech Stack:** Java 11, Spring Boot, JDBC, Apache Kafka, Angular, React, Sybase, Microservices, JUnit, Mockito.

- **Counterparty Data Regulatory (CDRT)**
  o Developing user interfaces for account creation requests and case approvals.
  o Assembling services to manage HTTP requests, publishing them to Apache Kafka topics, and integrating with PEGA for task and case management.
  o **Tech Stack:** Java 11, Spring Boot, JDBC, Apache Kafka, Angular, RxJS, Sybase, Event-Driven Architecture, JUnit, Mockito.

- **Institutional Securities**
  o Evolving a solution to match executed trades from various third-party systems.
  o Generating an event-driven framework for user request translation and building an RFB application for hourly notifications on matching failures.
  o **Tech Stack:** Java 8, Spring Boot, JPA, Apache Kafka, Angular, Sybase, Event-Driven framework.

Oct'18-Aug'19 with Mindtree Ltd., Bengaluru
Software Engineer
Modular Open-Source Identity Platform:

- Developed APIs to deliver user and demographic data.
- Designed and tested logic for unique ID allocation.

Sep'16-Sep'18 with Effitrac Solution Pvt. Ltd., Coimbatore
Software Engineer

Modules Developed:
- Designed, developed, and tested solutions for change requests in Payroll, Reporting, Invoicing, and Payments.
- Implemented role and privilege-based authentication mechanisms.
- Provided support for ERP applications delivered as Software as a Service (SaaS).
- **Tech stack:** JSF with Primefaces, Java 1.7, EJB, JUnit, MySQL.

PERSONAL DETAILS

Date of Birth: 27th January 1993
Address: MS Mansion, No. 242, 2nd Floor, 6th cross, 12th main, HSR 5th sector, Bengaluru – 560102, Karnataka
Languages Known: English & Hindi
